Provided care for rescued wildlife (jaguars, monkeys, bears, etc.) while contributing strategies to increase the refuge's visibility.

CODING PROJECTS (see all)

Human-to-Robot Facial Expression Mapping (Python, PyTorch Geometric, MediaPipe) [code](#) Infosys, Bangalore, India, 2025
Trained a Graph Neural Network on 135k samples to map human facial landmarks to humanoid robot actuators with ~6° MAE.
AI-Based Go Game Player (PyTorch, PySpiel, RL, MCTS) [demo](#) - [code](#) Brown University, Fall2024
Developed Go solver AI using Minimax, Alpha-Beta, and MCTS with policy/value networks for 5×5 and 9×9 boards.
You Just Want Attention! (PyTorch, Transformers, NLP, Speech-to-Text) [demo](#) – [code](#) Brown University, Spring2025
Implemented Transformer Architecture trained on Multi30k for DE→ENG translation, with Whisper AI speech-to-text integration.
Stack Overflow in the Age of AI (Python, SQL, NLP, Data Analysis) [code](#) Brown University, Spring2025
Analyzed 2008–2024 StackOverflow data with sentiment analysis, statistical test, and visualization for LLM impacts on engagement.
